LESSMORE

DRINKWARE

Designed for Everyday Living with Style!

With over 55 years of heritage in design and clockmaking, NeXtime continues to evolve. Under our growing **NeXtime Lifestyle label**, we are expanding beyond timepieces offering meaningful, well-designed products that fit naturally into modern life. Our latest collaboration is with LessMore, a high-quality drink ware brand backed by the respected factory, Joinease.

LessMore may be a new name in branding, but it has long history been a trusted manufacturing partner behind some of the world's most recognized drinkware brands. In partnering with NeXtime, LessMore enters a new chapter - bringing craftsmanship and production excellence to a fresh audience through thoughtful design and storytelling.

Targeting to position LessMore as a premium brand in the market, NeXtime x LessMore is guaranteed to be a stylish and quality brand to bring good times to consumers!

About the NeXtime x LessMore Collaboration

This is a focused, complementary partnership. NeXtime leads the design, branding, and market development. LessMore provides the high-standard production, technical expertise, and consistency required to serve a demanding global market.

By combining NeXtime's creative direction and market network with LessMores proven manufacturing capabilities and gradual market recognition, NeXtime x LessMore aims to deliver drinkware products that are functional, stylish and refined

From clock faces to water bottles, our mission remains the same:

To create beautiful and practical products that reflect style and character to users around the world!

Drinkware that Brings Chill Time!

Drinkware nowadays has transitioned from a functional necessity to a popular fashion accessory!

It's all about the water bottle you use at work, at school, in sports, in your social media posts, or wherever else life takes you 😊

It's about ***Sustainability, Wellness, Staying Hydrated, Durability and Lifestyle!***

- The design of the gradient colours is beautiful, not like any in the market
- The skyline graphics that you can touch and feel, line by line, is very special and appealing
- It is about quality

Designed for Everyday Living with Style!

Drinkware products are a big category by itself and is also a growing industry!

It serves a wide variety of consumers no matter if they are health & eco-conscious, students, working professionals, sports and outdoor enthusiasts. These consumers value durability, portability, temperature retention to keep the drinks in the best state and sustainability.

The stainless-steel drinkware is also the healthy choice as non-toxic alternatives to single-use plastic!

For personal use or as Gift, Drinkware has a great potential to expand business!

Opportunities

Souvenir Potential

Our insulated drinkware makes excellent souvenirs due to their unique skyline designs representing different cities and countries. Many more creativities, city focused ideas can be expanded. Great for tourist and travel industries!

The eye-catching and aesthetic appeals from **the 4D digital print of the beautiful skylines** make our drinkware products the most practical and desirable souvenir to pick!

Beyond their intricate detail, **the raised textures invite you to touch and explore.** The textures make the artwork more realistic, immersive and engaging!

Corporate Gift Appeal

In the corporate world, thoughtful gifts can strengthen relationships and promote brand loyalty. Our stainless-steel drinkware offers a distinctive option for companies looking to make an impression. Thermal mugs are a great choice for corporate giveaways, special events, work functions, and conferences.

They are used many times a day by tea and coffee drinkers and are often kept on the recipients' desks where your brand will 'drink' in all the attention it receives.

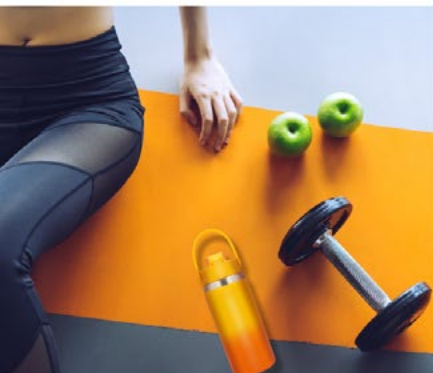

Once branded with company logos, these mugs promote your brand, giving it the exposure it deserves.

Specifications

The Skyline Series includes reusable stainless steel water bottles and mugs in vibrant colors and a variety of sizes. Designed for convenience, they feature high-quality certified materials, a rubber base for stability, a non-spill ergonomic lid, and intricate prints of iconic landmarks.

Features

Vacuum Insulation: Double-wall vacuum keeps beverages hot or cold, appealing to those who want temperature retention.

Sustainable Material: Crafted from almost complete recycled stainless-steel material, this product has achieved a high standard of 90% total recycled content. The drinkware exemplifies our commitment to sustainability without compromising on quality. This ecofriendly material ensures durability and performance for everyday use.

Leak-Proof Design (Bottles & Tumblers): Ensures no spills or leak, making it ideal for travel and outdoor activities.

Non-Slip Design: Product incorporates a non-slip base that provides optimal control to reduce the risk of slips, trips, and falls.

Eco-Friendly: BPA and lead-free materials are environmentally friendly, durable and long lasting.

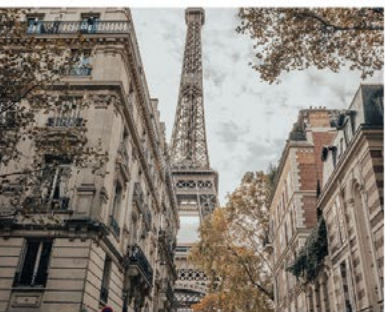

Dishwasher Safe: Easy to clean and maintain, adding convenience for users.

Innovative Design: Our Skyline series showcases a unique design that beautifully captures the essence of landscapes. The unique gradient colour background adds a dynamic touch, creating a visually stunning piece that stands out in any setting.

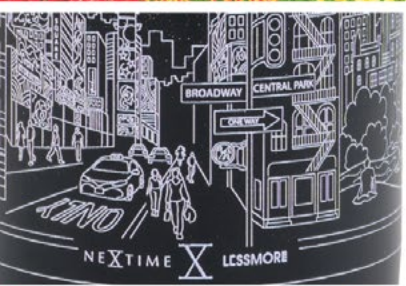

4D Digital Skyline Print: In our Skyline series not only can you see its artistry, but the textured surface invites you to touch and feel the intricate design.

SKYLINE

The Skyline Collection features most iconic cities and landmarks with fine-line details and vivid colors.

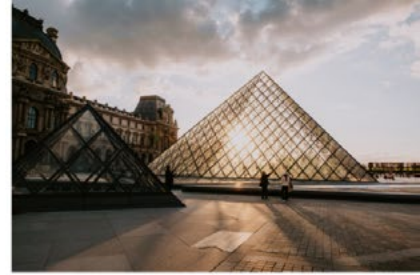

FOR THE TRAVEL LOVERS

You don't just see the beautiful landmarks, you can touch and feel their rhythm and energy.

Connect the skylines to **Memory and Experience** or even **Anticipation!**

CANVAS

Canvas collection is a clean, simple gradient series for minimalist lovers

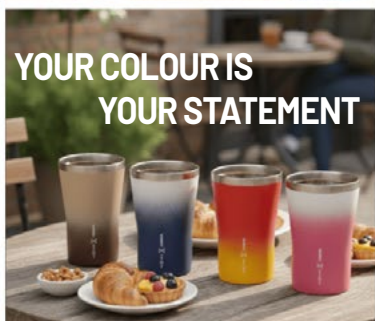

CANVAS

CONNECTS MOOD, STYLE
AND CHARACTER!

COLOURS REPRESENT
WHO YOU ARE

YOUR COLOUR IS
YOUR STATEMENT

CHOOSE YOUR VIBE: THE ART OF COLOUR AND SELF-EXPRESSION

STEEL GREY: For the urban minimalist, the 'suit and sneakers' of bottles.

CHERRY BLOSSOM : A soft bloom of pink, feminine and poetic. A touch of spring in your bag, young in spirit, timeless in charm.

MIDNIGHT BLUE: Calm, deep, professional. Serious when it needs to be, but secretly the most stylish one.

TULIP YELLOW: Bright, optimistic, and sociable. A bottle for those who never say no to laughter.

ROYAL RED: Bold, passionate, and confident. Perfect for those who like their drink hot, and their life even hotter.

CHOCOLATE BROWN: Warm, grounded, cozy – like a blanket on a rainy day, or a good cappuccino in the morning.

FIRE DRAGON: Vibrant, powerful, and a little daring. A spark of fire on your desk, and a roar of energy in your hand.

URBAN TUMBLER

Style Meets Speed for the On-the-Go

The Urban Tumbler is designed to be the ultimate companion for your daily rhythm, whether you are commuting, working, or socializing.

Our Tumbler combines a sleek silhouette with vibrant colours, making it a fashion-forward lifestyle accessory as well as a practical everyday essential.

Perfect for commuting, relaxing, and enjoying drinks on the go!

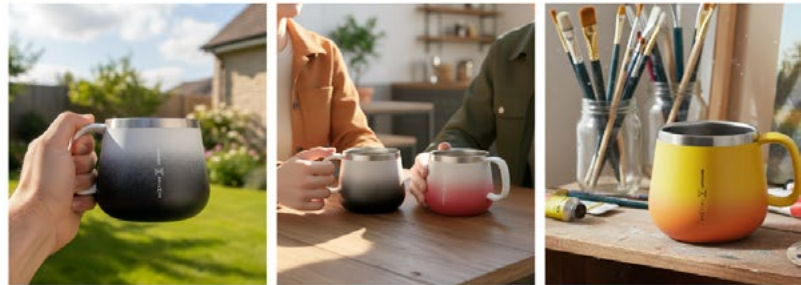

CHUBBY MUG

Your Hydration Buddy

Say hello to our Chubby Mug, designed to be the cutest reminder you need to stay on top of your wellness goals.

Our Chubby Mug features a vibrant gradient colour and finish and a friendly, rounded form that makes staying hydrated enjoyable!

Which cheerful gradient will be your hydration buddy?
